Collision Bend Brewing Company Complete and Set to Open April 17

Famed brewer Luke Purcell introduces Cleveland's newest artisanal beers and food pairings

Cleveland – Construction for Collision Bend Brewing Company is complete, and the restaurant and brewery is scheduled to open April 17 on the east bank of the Flats District in the space of the former Watermark restaurant at 1250 Old River Road.

Luke Purcell, formally of the Great Lakes Brewing Company and a 21-year veteran in the local brewing scene, specified the 14,000-square-foot brewery and its state-of-the-art equipment to be the premier brewing and dining venue in Northeast Ohio.

Purcell, who played a key role with the development of several award-winning beers, has created a diverse and unique beer menu. Light and crisp beer options will accommodate a variety of tastes and compliment the menu of Southern California street food.

“The vision of a truly great new brewery depended on the right location and partnering with the very best brew master,” said Julian Bruell, director of service for Collision Bend Brewing Company. “We were fortunate to find both in this historic location and with Luke. We couldn’t be more excited about the project.”

With seating for 200, the brewery features a wood-burning pizza oven, three bars, outdoor seating for an additional 150 people and a brewer’s room that accommodates private parties, tastings and events. Boats can dock along the patio, and parking is located on the property with an onsite valet.

The brewery will employ up to 80 people in the busy season of summer.

About Collision Bend Brewing Company

Collision Bend Brewing Company was named for the commercial ships that navigated the narrow and crooked passages along the Cuyahoga River. Hand-crafted artisanal beers and Southern California street food comprise this unique dining and social experience. The Brewery will set new standards with an unrivaled fresh, natural menu and beers destined for national awards. For more information visit www.collisionbendbrewery.com
